20/57 Apologies:

20/58 Disclosure of Personal or Prejudicial Interests:

20/59 Minutes from the meeting held on November 4th. 2020:

The minutes of the meeting were approved and at an appropriate time would be signed by the Chairman as a true record.

20/60 Matters Arising:

(a) Smartwater Project (Public Session).

Members had received documents from Karyn Row and the 'We don't buy Crime' team and articles had been included in the minutes and The Messenger but there had been no response from the public. After consideration it was decided to put a decision on hold regarding giving financial support and discuss it again at later meeting.

(b) Wem Road footpath (20/4 (c)).

In spite of continued efforts from Shropshire Councillor B. Williams it was reported that there had been no progress with getting the path installed. Members expressed dismay at the actions of the Shropshire Council Officer tasked with progressing this.

(c) Ellesmere Road footpath (20/52).

Clerk reported that the project had been included in the Parish Place Plan but the Expression of Interest Form seeking CIL (Local) funding had not been accepted. A new form had been designed seeking much more information and an indication of how much Precept and/or CIL (Neighbourhood) money would be contributed to the total cost.

(d) Highways – response to letter of complaint (20/46 b)).

It was noted that following letters of complaint to Shropshire Council’s Leader and C.E.O about the lack of action over reported problems, there had been positive responses to some of the issues that had been raised, although there were still a few outstanding. It had been hoped that these would have been resolved following the break for Christmas and the New Year but with the new ‘lock down’ regulations it was felt that there would be a further delay.

Councillor R. Tiernan reported his dismay that no action had been taken regarding the replacement of HGV restriction signs in The Hollow, which had been promised several years ago. It was agreed that he and the Vice Chairman would look at the possibility of a self-help project

It was agreed that the Clerk should write to the CEO again, thanking him for his actions but pointing out the difficulty in getting responses for certain officers who may well be working from home or furloughed.

20/61 Correspondence.

Members considered the details of the correspondence received by the Clerk since the last meeting, which had already been forwarded to them and where appropriate, responses were made.

20/64 Budget 2021-2022:

Members had been forwarded a copy of proposed budget which had been prepared by the Clerk and already discussed with the Chairman and Vice Chairman. Following consideration of some items and an agreed recommendation that the grant to each Village Hall should be increased to £2,000, the budget was approved.

In spite of anticipated inflationary increases it was unanimously agreed not to seek an increase in the precept which could have resulted in an increase in the Community Tax.

20/69 Exchange of Information:**(a) Village Halls:**

Representatives of both Village Halls pointed out that as the halls were closed there was no income available to cover the continuing costs and asked if the Council could give some financial support.

Members were sympathetic to the request but the Clerk advised them of the need to submit a formal application for a grant which could be considered at the next Council meeting.

(b) Pot Holes:

The Vice Chairman reported the re-occurrence of a number of pot holes that had only recently been repaired and failed to see why the work carried out was not effective. The Chairman advised him to report the problem on the designated Shropshire Council site.

Chairman reported that just before Christmas he and Councillor Harding had rodded the drains close to Myddle Village Hall. The problem had been reported to Shropshire Council and they were awaiting further action from them.

(d) Litter Pick:

In response to a query from Councillor Foulsham, the Chairman stated that he would begin planning an event but this would not be able to be undertaken whilst the current restrictions were in place.
